

## **Biography**

### **S. Kennedy**

Scott Kennedy brings 26 years of operational excellence to his position as operations manager for Nuclear Waste Partnership LLC. As vice president and deputy general manager at the Pantex Plant in Texas, his operations won multiple Department of Energy/National Nuclear Safety Administration awards for safety and productivity. Working with nuclear explosives and special nuclear material requires the highest level of discipline and security. He has excelled within the highly regulated DOE/NNSA environment; his special strength is driving an understanding among workers that everyone's job is critical to mission success—essential in taking WIPP to the next, even higher level of performance. Kennedy holds an masters of engineering degree in Engineering Management from the University of Colorado and a bachelor of science degree in Civil Engineering from Texas A&M University, College Station.
